

Could you volunteer and become a school governor?

William Penn School in Coolham has an opportunity for a volunteer to join our governing body.

The governing body's responsibility is to work in partnership with the Headteacher to promote the continuous improvement of the school so that our pupils achieve the best possible outcomes. The governing body plays an important part in raising school standards through our three core functions:

- Ensuring clarity of vision, ethos and strategic direction
- Holding the Headteacher to account for the educational performance of the organisation and its pupils, and the performance management of staff
- Overseeing the financial performance of the organisation and making sure its money is well spent.

Each governor brings different experiences and skills to the role. By sharing your time and skills with us, we will provide you with training and guidance to develop this role.

Governors are required to attend 2 meetings per term, the school improvement planning day and at least 1 monitoring visit each academic year. All you need is a keen mind and a desire to ask challenging questions in the interest of improving the educational experience of our children.

If you are interested in volunteering as a school governor and have the time and enthusiasm to commit to our school, please contact our Chair of Governors by email at chair@williampenn.co.uk for further information.

The school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. All members of the governing body are subject to a DBS check.
